**May 2025 - Present**

RCM Thriving Solutions | Dubai, UAE

- Gained training in Revenue Cycle Management (RCM) including claims processing, insurance adjudication, and denial analysis.
- Developed strong understanding of HAAD adjudication rules and insurance workflows (Daman, ADNIC, NAS, Nextcare, Oman).
- Applied UAE CPT coding guidelines for specialties including Dental, OB-GYN, Pediatrics, Dermatology, and Physiotherapy.
- Practiced E&M time-based coding, telemedicine coding, and per diem services documentation.
- Worked on denial code analysis (e.g., MNEC-003, CLAI-001) and resubmission strategies.
- Coded Daman-approved lab tests as per indication guidelines and insurance policies.
- Familiar with cash files coding, drug list codes, modifiers, bundled procedures, and general UAE insurance claim protocols.
- Assisted with TASNEEF auditing preparation and provided practice chart reviews for quality checks.
- Adhered to medical necessity and documentation standards to ensure accurate billing and minimize denials.
