PROFESSIONAL SUMMARY

Compassionate and detail-oriented Oncology Staff Nurse with 2+ years of experience providing patient-centered care in NABH, NABL, and JCI-accredited hospitals. Skilled in chemotherapy administration, medical administration, critical care nursing, IV therapy, PICC line and chemoport management, immunotherapy support, and advanced oncology procedures. Certified IV Champion and Preceptor, with proven expertise in patient education, emergency response, and multidisciplinary collaboration to ensure optimal patient safety, recovery, and satisfaction. Holds BLS and ACLS certifications under AHA and has completed specialized oncology training at the Cancer Centre of America. Adept at handling complex clinical scenarios, managing oncological emergencies, and delivering high-quality nursing care with compassion and precision.

WORK EXPERIENCE

Oncology Staff Nurse Dec 2022 – July 2025

Rajagiri Hospital – Aluva, Kerala, India | NABH, NABL & JCI Accredited Hospital

- Provided comprehensive oncology nursing care, ensuring compliance with clinical protocols and infection control standards.
- Administered chemotherapy, immunotherapy, and supportive treatments while monitoring for adverse reactions.
- Managed PICC lines, chemoports, and central venous catheters, ensuring proper insertion, flushing, and maintenance.
- Served as IV Therapy Champion, performing complex IV cannulations and guiding junior nurses.
- Acted as a Preceptor, training staff in oncology care practices and medical equipment handling.
- Assisted in bone marrow procedures, wound care, catheterization, NG tube insertion, and blood transfusions.
- Delivered emergency care including CPR and defibrillation, collaborating with multidisciplinary teams on patient care plans.
