ABOUT ME

A highly motivated and dedicated registered pharmacist with passion in providing exceptional pharmaceutical care. Skilled in dispensing medications, patient counseling, and ensuring adherence to treatment plans. Proficient in managing pharmacy operations, collaborating with healthcare teams, and promoting safe medication practices. Committed to improving patient outcomes and supporting public initiatives.

Throughout my professional journey, I have assisted in dispensing prescriptions and providing medication counseling to patients under the supervision of a licensed pharmacist, participated in patient education activities regarding proper medication usage and side effects. Also supported inventory management, ensuring stock levels were adequate and properly rotated.

Eager to kickstart my career as a pharmacist and contribute positively to a dynamic team.
