ABOUT ME

Biomedical and Field Service Engineer with 2+ years of hands-on experience in servicing and maintaining medical equipment, including medical imaging systems. Possesses working knowledge of critical care equipment and strong troubleshooting skills. Proven ability to manage multiple service tasks, perform effectively under pressure, and deliver timely technical support. Highly adaptable, customer-focused, and willing to travel long distances to meet service requirements.

PROFESSIONAL EXPERIENCE

Medingers Healthcare Solutions, Erode, India

Field Service Engineer

June 2023 - Aug 2025

- Experienced in Installation, service, and preventive maintenance of medical imaging systems.
- CT Scanners: GE Optima 520 (16-slice), Optima 660 (64-slice), Revolution CT (64-slice); assisted with Siemens SOMATOM Sensation 16/64.
- X-ray & Mammography: ALLENGERS X-ray (100SR/325R) and Mam Venus Mammography - control panels, rotation belts, and system troubleshooting.
- BMD Machines: GE Lunar DPX - servicing patient table malfunction.
- Strong troubleshooting, preventive maintenance, and technical support skills, ensuring minimal downtime and compliance with safety standards.

Asset Verification & Inspection Officer

March 2025 - Aug 2025

- Conducted asset verification and inspection of hospital medical equipment, ensuring compliance with invoices, manufacturer details, and loan agreements.
- Verified brand, model, serial numbers, and captured photographic evidence, maintaining daily Excel reports for 50-100 medical devices per day, totaling 1,500-2,000+ equipment units during this period.
- Covered 100-150 Km daily to hospitals, consistently meeting daily targets for medical equipment verification.
- Built strong relationships with doctors and hospital administrators to ensure smooth inspections and compliance.
- Monitored customer compliance and coordinated with the team to repossess or recover equipment in cases of unauthorized sale, replacement, or transfer.
- Equipment includes: OT Equipment (tables, lights, surgical microscopes, anesthesia machines, diathermy units), Critical Care Devices (ECG, multi-parameter monitors, syringe pumps, BP monitors, defibrillators), and Imaging Systems (X-ray, C-arm, CT, Endoscopy, Laparoscopy)
- Asset Verification | Medical Equipment | Inspection | Loan Compliance | Hospital Equipment Management | Equipment | Imaging Systems | Excel Reporting | Communication | Field Operations | Equipment Recovery

CERTIFICATION

Ageous Healthcare Pvt. Ltd.

Oct-2022

- Certified for hand-on experience in medical equipment installation, maintenance, troubleshooting, and service support.

- Completed 30 days of certified training focused on biomedical engineering practices and medical equipment knowledge, safety department and basic maintenance.

EDUCATION

B.E Medical Electronics - Anna University . Chennai, India .

June 2019 - July 2023

- Actively participated in multiple college projects and technical activities, gaining hands-on experience in biomedical engineering applications.
- Played a key role in organizing and performing in cultural programs, demonstrating leadership, teamwork, and communication skills.

SKILLS

Technical skills

- Extensive knowledge of medical imaging systems.
- CT Scans Dismantling and servicing knowledge.
- Core knowledge of ICU & OT equipment.
- Hospital & compliance knowledge.

personal skills

- Experienced in documentation of technical data.
- Advanced excel skills for reporting.
- Strong problem-solving and analytical thinking.
- Effective communication and client engagement.

PERSONAL INFORMATION

- FATHER NAME : Thajudeen H
- DATE OF BIRTH : 10-02-2001
- MARITAL STATUS : Unmarried
- PASSPORT NUMBER : U2735103
- VISA STATUS : 2 Months (Current)
- AVAILABILITY : Immediate

LANGUAGES

- Tamil (Native)
- English (Experience)
- Hindi (Beginner)
