Professional Summary

Dedicated Registered Staff Nurse with 4+ years of clinical experience in medical, surgical and outpatient care across Oman and India. Strong expertise in patient assessment, medication administration, IV therapy, medical fitness testing, emergency response and EMR documentation. Skilled in assisting physicians, infection control, wound care and postoperative support. Seeking a Registered Staff Nurse position in a reputable hospital in UAE.

Work Experience

REGISTERED STAFF NURSE

Wellness Medical Center, Al Wadi Kabir, Oman
May 2021 – June 2025

- Performed comprehensive patient assessments and accurately documented findings in the EMR system.
- Monitored and recorded vital signs, promptly reporting any abnormal or critical changes to the physician.
- Assisted physicians during outpatient procedures, ensuring patient safety, comfort, and adherence to sterile technique.
- Administered oral, intravenous, and intramuscular medications in accordance with physician prescriptions and hospital protocols.
- Prepared and processed laboratory request forms, ensuring timely sample collection and result follow-up.
- Conducted pre-employment and medical fitness examinations for PDO, OQ, and visa processing candidates.
- Provided wound care management, including dressing changes, suturing assistance, and postoperative monitoring.
- Educated patients and caregivers on treatment plans, medication schedules, and discharge instructions.
- Implemented and monitored infection prevention and control measures in line with MOH safety guidelines.
- Collaborated with multidisciplinary teams to deliver holistic, patient-centered care.
- Maintained accurate and up-to-date nursing records to support continuity of care and regulatory compliance.
- Supported emergency response efforts by providing first aid and stabilizing patients as required.
- Participated in continuous professional development activities to maintain clinical competence and improve patient outcomes.
