EXPERIENCE

UAE Medical Coders Training Program

Feb 2025 - April 2025

Completed specialized training in UAE-specific healthcare and insurance coding practices.

In-depth knowledge of UAE insurance companies, TPAs, and their guidelines

Well-versed in using insurance and E-Claim portals for claim submission

Skilled in evaluating medical records and applying appropriate ICD coding

Vee Healthtek, Bangalore — Sr. Medical Coder

August 2021 - May 2023

Using established coding systems like ICD-10-CM, CPT and HCPCS to assign accurate diagnostic and procedural codes to patient charts.

Meticulously extract relevant clinical information from medical records to support assigned codes.

Ensure the coding practices comply with all applicable coding standards, including the official coding guidelines and company policies.

Responsible for assigning HCC codes to patient records to understand their health conditions and risk they pose to health insurance companies.

Understand the specific guidelines & criteria for assigning HCC codes, which are established by Centers for Medicare & Medicaid Services (CMS).

Maintain a high level of accuracy, typically exceeding 95%.

Meet specific coding volume requirements while upholding quality standards.

Proficient in using various coding software, encoder applications, and electronic medical records (EMRs).
