Work History

Aster DM Healthcare – Pediatric & Adult OPD | – Health Care

August 2023 – July 2025

Registered Nurse

Dubai, UAE

- Provided comprehensive patient care in OPD settings, ensuring safe, efficient, and patient-centered nursing services for pediatric and adult patients.
- Administered routine and special vaccinations in compliance with DHA guidelines, ensuring accurate documentation and cold-chain maintenance.
- Updated and maintained patient records in the DHA HASANA system, ensuring timely and accurate public health reporting.
- Safely administered prescribed medications and outpatient treatments, adhering to standard nursing protocols and medication safety practices.
- Managed pediatric and adult emergency cases in OPD, providing immediate nursing interventions and coordinating with physicians for timely care.
- Prepared and submitted communicable disease notifications to government authorities in compliance with DHA regulations.
- Handled OPD store and inventory management, including stock monitoring, indent preparation, and availability of essential medical supplies.
- Served as Infection Control Link Nurse, implementing infection prevention protocols and supporting health education initiatives within the OPD.

MES Medical College Hospital | – Hospital

November 2022 – May 2023

Registered Nurse – Pediatric ICU

Kerala, India

- Provided specialized Pediatric Intensive Care nursing to critically ill children, ensuring continuous hemodynamic monitoring, early detection of clinical deterioration, and timely life-saving interventions in high-acuity PICU settings.

- Assessed and monitored pediatric patients' vital signs, neurological status, and clinical responses to treatment to support accurate care planning.
- Managed ventilators and respiratory support equipment, ensuring proper settings, airway safety, and adherence to critical care protocols.
- Assisted in emergency procedures, including resuscitation and stabilization, while administering prescribed medications safely and accurately.
- Maintained detailed clinical documentation and ensured compliance with hospital policies, patient safety standards, and infection control guidelines.
- Educated parents and caregivers on post-discharge care, medication administration, and safety protocols to promote continuity of care and reduce readmissions.

KIMS Al Shifa Super Speciality Hospital | – Hospital

September 2021 – October 2022

Registered Nurse – Pediatric ICU & Immunization Nurse

Kerala, India

- Delivered patient-centered nursing care in high-acuity and critical care environments, prioritizing patient safety, comfort, and evidence-based clinical outcomes for pediatric patients.
- Administered routine and travel vaccinations in accordance with DHA guidelines, ensuring correct dosage, documentation, and cold-chain compliance.
- Provided comprehensive family education on immunization schedules, post-vaccination care, and preventive healthcare practices.
- Responded effectively to emergency situations by coordinating with pediatric specialists and multidisciplinary teams to stabilize and manage critical cases.
- Monitored patient conditions, reported clinical changes promptly, and supported timely medical decision-making in fast-paced healthcare environments.
