PROFESSIONAL SUMMARY

Seasoned Senior Staff Nurse with over 6 years of progressive experience in hospital and clinic settings. Expertise in cardiology, urology, ENT, and senior nursing roles. I am skilled in developing clinical protocols, team mentorship, and evidence-based practice to enhance patient outcomes and operational efficiency.

SKILLS

- Patient assessment & triage
- Medication administration & inventory control
- Vital signs monitoring, phlebotomy, uroflowmetry
- ECG, Holter, 2D Echo, stress testing
- Protocol development & clinical governance
- EHR systems (Life trends, NPCM portal)
- Team leadership and staff mentoring
- Soft skills: communication, problem-solving, analytical thinking, empathy

- Assessed vitals, collected lab samples, and monitored post-operative patients (e.g., pacemaker, bypass recovery).
- Performed ECG, 2D Echo, stress test, Holter monitoring; supported emotional needs of patients/families.
- Administered medications for hypertension and hyperlipidemia.
- Urology Department:
- Conducted phlebotomy, vitals, and uroflowmetry; educated patients on treatment plans.
- Assisted physicians during procedures and documented encounters via Life trends software.
- ENT Department:
- Assisted in wax removal and endoscopy; administered medications per physician orders.

Janu 2019 - Jan 2021
