

FAJHAR JUNAID V

DOH/HAAD CERTIFIED PHARMACIST | MASTER OF PHARMACY

Abu Dhabi, UAE | +971 50 378 6469 | fajharjunaidv@gmail.com | LinkedIn Profile

PROFESSIONAL SUMMARY

DOH/HAAD-certified Pharmacist with a Master's degree in Pharmaceutics and over 2 years of retail pharmacy experience complemented by 5 months of hospital pharmacy training. Skilled in prescription verification, patient counseling, medication safety, inventory management, and regulatory compliance. Experienced in dispensing medications accurately, optimizing pharmacy workflows, and supporting improved patient outcomes. Strong knowledge of UAE healthcare regulations and dedicated to delivering safe, efficient, and patient-centered pharmaceutical care.

PROFESSIONAL EXPERIENCE

Pharmacist

Thanal Pharmacy

Dec 2022 - June 2025, Kerala, India

- Interpreted and accurately filled prescriptions dispensed by licensed healthcare practitioners, ensuring precise medication dispensing.
- Assessed the appropriateness of prescribed medications, ensuring safe and effective therapeutic outcomes through comprehensive medication reviews.
- Provided detailed patient education regarding dosage, administration techniques, potential side effects, and proper storage of medications.
- Monitored patient medication therapies for potential drug interactions, contraindications, and adverse reactions.
- Maintained a comprehensive inventory of pharmaceutical and related medical supplies, optimizing stock levels and minimizing waste.
- Ensured all prescriptions and pharmacy transactions complied with federal and state laws and regulations, maintaining full legal compliance.
- Guided and supervised pharmacy technicians and interns in fulfilling their duties efficiently and accurately.
- Maintained meticulous records for all controlled substances and other medications dispensed, ensuring accurate documentation and traceability.
- Liaised with physicians and other healthcare professionals to manage treatment plans and optimize patient care outcomes.
- Conducted regular quality assurance checks to maintain the highest standards in pharmacy operations and medication safety.
- Participated in the development of pharmacy policies and continuous improvement of pharmaceutical services.
- Stayed informed about new medications, pharmaceutical advancements, and market trends through continuous professional development.
- Managed inventory by planning and ordering medication supplies to maintain optimal stock levels and support smooth patient care.
- Handled customer inquiries via phone and in-person, addressing questions and providing prescription assistance.
- Maintained pharmacy cleanliness and organization, receiving and stocking supplies in correct locations.
- Trained new staff on pharmacy procedures, including proper dispensing techniques and regulatory compliance requirements.

Trainee Pharmacist

Sreechand Speciality Hospital

Jan 2022 - June 2022, Kerala, India

- Collaborated with multidisciplinary healthcare teams to ensure accurate prescription processing and timely medication delivery in hospital setting.
- Conducted medication reconciliation for admitted patients, identifying and resolving medication discrepancies and potential interactions.
- Assisted in preparing specialized hospital formulations including IV admixtures, chemotherapy preparations, and emergency medications.
- Participated in clinical pharmacy activities including therapeutic drug monitoring, dosage adjustments, and pharmacotherapeutic recommendations.
- Maintained accurate controlled substance records and assisted in inventory management of high-value and specialized medications.
- Provided comprehensive discharge counseling, educating patients on new medications, administration techniques, and follow-up care.
- Contributed to hospital medication safety initiatives, including proper storage, labeling, and expiration date management.
- Gained experience with hospital pharmacy software systems for electronic prescription processing and inventory control.
- Supported antibiotic stewardship programs by monitoring appropriate antibiotic selection and duration of therapy.
- Assisted in maintaining emergency medication stocks and crash carts, ensuring compliance with hospital emergency protocols.

Student Intern

West Coast Drugs & Pharmaceuticals

Oct 2020 - Nov 2020, Karnataka, India

- Streamlined quality control record keeping processes, improving data accessibility and traceability for production teams.
- Identified and proactively communicated potential quality discrepancies to facilitate timely interventions.
- Analyzed quality control data to identify trends and patterns, contributing to continuous improvement initiatives.
- Effectively conveyed complex technical information clearly and concisely for efficient problem-solving.
- Adapted quickly to changing workflows and protocols, demonstrating flexibility and willingness to learn.

EDUCATION

Master of Pharmacy (M.Pharm) in Pharmaceutics

Shree Devi College of Pharmacy

Bachelor of Pharmacy (B.Pharm)

Srinivas College of Pharmacy

Higher Secondary Education

Sir Syed Higher Secondary School

RESEARCH PROJECT

Master of Pharmacy Dissertation: "Formulation and Evaluation of Gel Loaded with Nanosponges of Diclofenac for Topical Delivery"

- Submitted to Rajiv Gandhi University of Health Sciences, Karnataka, Bengaluru
- Conducted research on advanced drug delivery systems focusing on nanosponge technology for enhanced topical administration
- Developed and evaluated gel formulations incorporating diclofenac-loaded nanosponges for improved drug solubility and sustained release
- Performed comprehensive pharmaceutical characterization including particle size analysis, drug entrapment efficiency, and in-vitro release studies
- Investigated the potential for enhanced transdermal penetration and reduced systemic side effects through novel nanocarrier systems
- Demonstrated expertise in pharmaceutical formulation development, analytical techniques, and research methodology
