SUMMARY

Dedicated and compassionate Registered Nurse with 5 years of hands-on experience delivering high-quality patient care in fast-paced healthcare settings. I am skilled in patient assessment, care planning, medication administration, and multidisciplinary collaboration. Proven ability to remain calm under pressure while maintaining excellent clinical judgment and attention to detail. Committed to promoting patient safety, improving outcomes, and providing empathetic, evidence-based care. Strong communicator with expertise in infection control, documentation, and patient education.

EXPERIENCE

Sep 2023 — May 2025

Registered Nurse - Critical Care

Shumaya Home Care & Patient Services, Lahore, Pakistan

- Delivered high-quality, compassionate nursing care ensuring patient safety, dignity, and comfort, while adhering to strict infection control and safety protocols.
- Performed and documented comprehensive nursing assessments and specialized procedures, including wound management, catheterization, tracheostomy, and ostomy care.
- Collaborated with multidisciplinary teams to develop and implement individualized care plans and provided post-discharge support for patients recovering from critical illnesses or major surgeries.

Mar 2020 — Jan 2021

Registered Nurse - Cardiac Surgery ICU

Punjab Institute of Cardiology, Lahore, Pakistan

- Delivered comprehensive postoperative critical care for patients recovering from open-heart surgeries, valve replacements, CABG, and other complex cardiac procedures.
- Monitored and interpreted invasive and non-invasive hemodynamic parameters, including arterial pressure, CVP, PAP, and cardiac output, ensuring timely clinical interventions.
- Administered IV fluids, inotropes, anticoagulants, and vasoactive drugs with precision while managing advanced life support systems such as ventilators, IABP, and temporary pacemakers.
- Responded to cardiac emergencies and collaborated with cardiothoracic teams to provide coordinated, evidence-based, and life-saving patient care.

Aug 2018 — May 2020

Registered Nurse - Neonate-ICU

Fatima Memorial Hospital, Lahore, Pakistan

- Delivered specialized critical care to premature and critically ill neonates by monitoring vital signs, managing ventilators, administering medications safely, and ensuring strict infection control.
- Collaborated with multidisciplinary teams and families to create individualized care plans, provide parental education, support neonatal development, and maintain accurate documentation for optimal outcomes.
