Skills

- Building Information Modeling
- Revit
- AutoCAD
- 3D modeling
- Clash detection
- Adobe Photoshop

Objective

A highly skilled BIM Modeller with 2+years of experience in creating detailed Building Information Models. Seeking to contribute my expertise to a dynamic company in Dubai and play a key role in their architectural and construction projects.

Work Experience

BIM MODELER

2023

AL-KHOORY SOLUTIONS,BURJUMAN,DUBAI

As a BIM Modeller at Al Khoory Solutions, I played a vital role in the development and coordination of Building Information Models (BIM) at various LOD levels (350, 400, and 500).

- Created detailed LOD 350, 400, and 500 BIM models for various architectural and construction projects.
- Collaborated with architects, engineers, and project managers to ensure accurate and coordinated models
- Generated construction documentation and drawings based on LOD 500 BIM models for use in project execution

Key Projects:

- LV 39 (Jumeirah Bay Island)
- Masdar Link (Abu Dhabi)
- Vida Hotel Residency (Dubai)
- Red Sea Airport Project (Saudia Arabia)

BIM MODELER

2023

CADD CENTRE,PERINTHALMANNA

- Experienced in Revit and Navisworks BIM.
- Conducting clash detection analysis to resolve design conflicts and ensure smooth construction processes.
- efficient in creating accurate 3D models for architectural projects, optimizing designs for improved efficiency, cost savings, and sustainability.

SITE ENGINEER

2021-2022

HOMEKEY ARCHITECTURE & INTERIORS

I gained valuable work experience as a site engineer in Malappuram, Kerala, on a residential building project involving the construction of seven villas

From start to finish, including key handovers, I developed skills in material handling, accurate measurements, and site layout. I also gained experience in effective communication and coordination with architects, engineers, project managers, and laborers.

This experience greatly enhanced my understanding of the construction process and expanded my knowledge in site engineering

SITE SUPERVISOR

2019-2020

NEST IT CONSTRUCTION & PVT LMT

- Experienced site supervisor overseeing projects for the Public Works Department (PWD).
- Specializing in the construction of Primary Health Centers and hospitals. Played a crucial role in ensuring successful project completion by supervising construction activities.
- Managing the workforce, coordinating with subcontractors, and ensuring adherence to safety regulations and project timelines.
- Developed strong leadership skills, effective communication abilities, and a deep understanding of the healthcare construction process.
