PROFESSIONAL SUMMARY

Licensed Pharmacist with a Bachelor of Pharmacy (B.Pharm) degree and DHA eligibility certification, bringing hands-on experience in hospital and clinical pharmacy settings. Skilled in prescription verification, medication therapy management, patient counseling, inventory control, and regulatory compliance. Proficient in pharmacy software, including Mediware, with a proven track record of improving pharmacy operations and reducing waste. Dedicated to ensuring patient safety and optimizing therapeutic outcomes. Seeking to contribute pharmaceutical expertise and strong clinical knowledge to a dynamic healthcare team.

PROFESSIONAL EXPERIENCE

Pharmacist

Bishop Vayalil Medical Centre, Moolamattom, Kerala, India | July 2022 – June 2025

- Dispense medications accurately by reviewing prescriptions, verifying dosage, and checking for drug interactions, contraindications, and allergies.
- Educate patients on medication usage, side effects, and adherence to prescribed therapy to promote health outcomes.
- Maintain and update pharmacy records, including patient profiles, prescription logs, and inventory reports.
- Reduced pharmacy waste by 65% through improved inventory management protocols and optimized storage practices.
- Manage inpatient pharmaceutical therapy, ensuring timely dispensing and proper documentation in line with clinical standards.
- Oversee pharmacy operations, including stock management, order placements, and quality control measures.

Trainee Pharmacist

St. John's Hospital, Kattappana, Kerala, India | February 2021 – April 2022

- Successfully completed a 1-year internship, gaining hands-on experience in hospital pharmacy operations.
- Implemented standard labeling protocols to ensure accurate and compliant medication packaging.
- Assisted in patient medication counseling and education under the supervision of senior pharmacists.
- Utilized Mediware pharmacy software for managing prescriptions, drug inventory, and patient medication records.
- Conducted medication reviews to assess drug efficacy, interactions, and patient-specific contraindications.
