## **PROFESSIONAL SUMMARY**

Pharmacist with 3 years of experience in a hospital pharmacy, delivering high-quality, patient-centered care. Skilled in medication therapy optimization, prescription verification, and accurate medication dispensing. Adept at counseling patients on proper medication use and handling controlled substances. Committed to ensuring medication safety, regulatory compliance, and seamless coordination with multidisciplinary teams. Actively seeking a pharmacist role in the UAE to contribute professional expertise and exceptional service.

## **PROFESSIONAL EXPERIENCE**

### **Registered Hospital Pharmacist**

**Malabar Medical College and Research Centre - Calicut - Kerala – India (August 2021 - August 2024)**

- Dispensed and reviewed an average of 100 - 150 prescriptions daily with 100% accuracy, ensuring safe and timely delivery of medications in a fast-paced hospital pharmacy set up.
- Led high-impact patient counselling sessions on medication usage, side effects and contraindications, resulting in an improvement in adherence rates based on patient feedback surveys.
- Reduced medication-related problems through assisting in medication reconciliation, patient-specific therapy reviews and enhancing pharmacovigilance practices.
- Monitored medication expiry dates regularly and implemented stock rotation practices to minimize wastage and ensure safe dispensing.
- Collaborated closely with physicians, nurses and clinical teams to optimize pharmacotherapy resulting in improved treatment outcomes.
- Strengthened regulatory compliance and audit readiness, maintaining full documentation and accurate controlled drug records, leading to zero discrepancies during multiple internal and external inspections.
- Supported seamless inpatient medication supply, ensuring timely fulfilment of STAT and routine orders, which reduced medication administration delays by 20%, as per Nursing department feedback.
- Resolved customer complaints promptly and professionally, while maintaining confidentiality at all times. Cut down patient waiting time by 25% through streamlining the dispensing process and optimizing workflow.
- Trained and mentored 5+ junior pharmacists and interns, significantly improving their clinical decision making, prescription verification accuracy and patient counselling skills.
- Actively engaged in structured continuing education and clinical training sessions to enhance pharmaceutical knowledge and ensure alignment with best hospital practices.
- Maintained a sterile and compliant pharmacy environment by adhering to hospital hygiene, safety and infection control protocols.

### **Pharmacist Intern**

**Malabar Medical College and Research Centre - Calicut - Kerala India (1st January 2021 - 31st January 2021)**

- Assisted pharmacists in labelling and dispensing medications.
- Gained insight into clinical pharmacotherapy and patient-centered care.
- Learned and followed protocols for handling-controlled substances.

- Enhanced storage efficiency by reorganizing drug shelves, increasing retrieval speed and ensuring temperature sensitive medications met storage regulations.
- Participated in clinical training sessions and interdepartmental discussions.
- Developed communications and teamwork skills in healthcare environment.
- Participated in Inventory management including stock checks and expiry monitoring.
