Dear Hiring Manager,

I'm writing to apply for the position of Clinical Pharmacist at your institution. I'm a PharmD graduate with a strong interest in clinical pharmacy and a deep commitment to patient care.

Over the past year, I completed hands-on, case-based clinical training in several of the UAE's top hospitals—Cleveland Clinic Abu Dhabi, Al Jalila Children's Specialty Hospital, Fakeeh University Hospital, University Hospital Sharjah, and American Hospital Dubai, followed by a six-month internship at Fakeeh University Hospital, where I worked closely with physicians across different specialties and was actively involved in patient management.

My span of experience includes internal medicine, cardiology, neuropsychiatry, pediatrics (including TPN and PICU), critical care, infectious diseases, surgery, and ambulatory care. I'm confident in assessing cases, interpreting labs, identifying drug-related problems, and setting full therapy plans based on the latest guidelines. I feel comfortable working with patients of all ages—from pediatrics to the elderly—and I always strive to provide safe, effective, and individualized care.

As a young and motivated pharmacist, I'm eager to keep learning, contribute to a strong healthcare team, and grow within a clinical setting where I can truly make a difference. I'd be very grateful for the opportunity to speak with you further about how I can support your department.

Thank you for your time and consideration.

Sincerely,  
Donia Ahmed Assal, PharmD

**To Whom It May Concern**

Dated: 1<sup>st</sup> May 2025.

I am writing to recommend **Ms. Donia Assal**, who completed a six-month clinical pharmacy internship at Fakeeh University Hospital. During her time with us, Donia demonstrated professionalism, sound clinical knowledge, and a consistent commitment to patient care.

She contributed effectively as part of our interdisciplinary team, taking part in medication therapy management, conducting medication reviews, and supporting treatment decisions with well-considered recommendations. Her communication skills were clear and respectful, and she approached clinical tasks with diligence and attention to detail.

I believe Donia has the foundation and mindset to perform well in clinical pharmacy roles, and I am confident she will bring value to any team she joins.

Best regards,

  
Dr. Waqar Ahmed

Director of Pharmacy

Fakeeh University Hospital, Dubai

March 25<sup>th</sup>, 2025

To whom it may concern

It is with pleasure to write a letter of recommendation on behalf of Ms. Donia Ahmed Assal.

I have known Donia for over 2 years now as she has completed the advanced standing PharmD program at the University of Sharjah college of pharmacy. Donia took 6 of the courses in the first didactic year, in addition to supervising several of her clinical training rotations including cardiology, Intensive care and internal medicine. Donia was an excellent student and worked hard on developing her clinical skills and worked well with rotation colleagues and classmates. Donia communicated with me often and stopped by the office to follow-up on various issues in pharmacotherapy. I appreciate Donia's curiosity during the didactic year and appreciate her engaged attitude and the questions she raised in classes. Donia completed her post-PharmD clinical training and will be sitting for her UAE clinical license exam shortly.

I strongly recommend Donia and expect that she will be a valuable asset as a clinical pharmacist.

Should you have further questions, please do not hesitate to contact me

Sincerely

Mohammad Shara, PharmD, Ph.D., FACN  
Associate professor of clinical pharmacy  
College of Pharmacy  
University of Sharjah  
Sharjah, UAE  
Office: 971-6-505-7543  
email: mshara@sharjah.ac.ae

**Dear Residency Program Director,**

**March 24, 2025**

I am pleased to recommend Donia Ahmed Hani Soliman Ahmed Assal for the PGY1 Pharmacy Residency Program. As a PharmD graduate from the University of Sharjah, Donia has demonstrated solid clinical training, dedication to patient care, and a commitment to evidence-based practice.

During her PharmD training, she developed her clinical competencies and worked effectively within multidisciplinary teams. She recently completed her six-month internship, further refining her clinical skills, and is currently preparing for her licensing exam in April.

Donia's ability to apply pharmacotherapeutic knowledge in patient care makes her a suitable candidate for your program. With further training, she has the potential to grow into a well-rounded clinical pharmacist.

I strongly recommend Donia for this opportunity and believe she will benefit from and contribute to your residency program. Please feel free to contact me for any further information.

**Best regards,**

Mohammad A. Y. Alqudah, PharmD, MSc, PhD  
Associate Professor  
Doctor of Pharmacy Program Coordinator  
Department of Pharmacy Practice &  
Pharmacotherapeutics  
University of Sharjah, Sharjah, 27272, UAE
