Professional Experience

Product Specialist / Medical Content Specialist

Ntigra AI Applications & Services LLC, Dubai, UAE

Oct 2024 – Present

- Certified Professional Coder (CPC, AAPC) with expertise in ICD-10-CM, CPT, and HCPCS coding systems.
- Analyzed and validated AI-generated medical codes to ensure compliance with payer policies and documentation standards.
- Annotated a wide range of clinical texts (EMRs, discharge summaries, SOAP notes) to support supervised learning for AI-driven auto-coding tools.
- Audited auto-coded data from Ntigra's proprietary platforms (Discovery®, PowerDoc®), identifying and resolving coding discrepancies.
- Served as a coding subject matter expert (SME), collaborating with engineering and NLP teams to refine clinical logic and improve model accuracy.
- Supported clinical documentation improvement (CDI) efforts through terminology standardization and provider documentation optimization.
- Contributed to AI model training and retraining by providing continuous feedback and curated datasets based on real-world coding scenarios.
- Performed quality assurance on deliverables for key healthcare clients, including Reem Hospital and NMC Healthcare, ensuring payer-specific and client-specific coding compliance.
- Provide onsite support at NMC hospitals, assisting coders with Octopus platform usage, resolving coding queries, and facilitating insurance pre-approval processes.
