ABOUT ME

- Dedicated Pharmaceutical Technician with over 4 years of experience in fast-paced East African healthcare environments. Skilled in accurate medication dispensing, ensuring regulatory compliance, and optimizing inventory management. Proficient in pharmacy software (POS) and cold chain management, with a strong focus on patient safety through precise sterile and non-sterile compounding. Multilingual in English, Arabic, and Swahili, enabling effective patient counseling. Eager to apply my expertise, attention to detail, and in-depth knowledge of UAE MOHAP and DHA standards to contribute to a dynamic Dubai-based healthcare team.

WORK EXPERIENCE

PHARMACEUTICAL TECHNICIAN | APR 2024 - FEB 2025

FOCUS PHARM AFRICA, DAR ES SALAAM

- Dispensed over 350 prescriptions monthly, including controlled substances (Schedule II-V), ensuring zero dispensing errors through meticulous verification against electronic health records.
- Managed inventory for more than 1,200 SKUs by implementing FIFO rotation, contributing to an 18% reduction in medication wastage through proactive expiry monitoring.
- Maintained comprehensive, audit-ready controlled substance logs using Narcotic Registers, ensuring full compliance with Tanzanian FDA and WHO-GPP standards.
- Prepared sterile compounded medications, including TPN and antibiotics, under laminar flow hoods using aseptic techniques to ensure safety and accuracy.
- Processed over 40 daily insurance claims via MediSoft POS, efficiently resolving coverage discrepancies within 24 hours to facilitate timely patient care.
- Verify prescription details and clarify ambiguities with healthcare providers when necessary.
- Clean and sterilize pharmacy equipment and work areas to ensure safety.
- Provide excellent customer service by answering questions and offering medication guidance.

PHARMACY ASSISTANT | NOV 2022 - JAN 2024

MARHABA PHARMACY, MOROGORO

- Ensured cold chain integrity for vaccines and biologicals by monitoring 2-8°C storage units daily, preventing temperature excursions.
- Conducted thorough verification of over 250 weekly prescriptions through a comprehensive 3-point check, including physician signature validation, drug-dosage matching, and contraindication screening.
- Trained staff members on RxWorks POS software, enhancing prescription processing efficiency and reducing processing time.
- Performed monthly inventory audits with high stock accuracy, identifying and reconciling variances through systematic analysis.
- Redesigned OTC medication layout to optimize product placement, resulting in increased sales of generic medications.
- Assisted pharmacists in dispensing prescription medications accurately and efficiently
- Provided excellent customer service by answering medication and health-related questions
- Ensured compliance with pharmacy laws, regulations, and safety standards

DRUG DISPENSER | 2021 - 2022

KIGAMBONI HEALTH CENTER, DAR ES SALAAM

- Managed the dispensing of over 200 daily medications for Malaria programs, ensuring continuous availability of first-line therapeutics without stockouts
- Provided counseling to more than 50 patients daily in Swahili and English, focusing on medication adherence and management of side effects to enhance patient follow-up compliance
- Prepared weekly consumption reports for the Ministry of Health using Excel, identifying high-waste items to inform procurement decisions
- Sterilized compounding equipment following autoclave protocols (121°C/15 PSI), achieving consistent pass rates on swab tests
- Monitor and manage inventory levels of pharmaceuticals and reorder supplies as needed
- Stay updated on new medications, regulations, and best practices in pharmacy
