## PROFILE

Compassionate and skilled Registered Nurse with over 6 years of experience in Radiology, Infection Control and Intensive Care. Expertise in delivering high-quality patient care, assisting in interventional procedures and ensuring patient safety. Proficient in developing infection control policies, educating staff and patients and supporting specialized procedures such as MRI, CT, HSG and Ultrasound. Strong clinical skills in critical care, medication administration and advanced life support. Adept at collaborating with multidisciplinary teams to ensure optimal patient care. Seeking to leverage my skills and experience to contribute to patient care in a dynamic nursing role at your facility.

## WORK EXPERIENCE

### REGISTERED NURSE

International Radiology Centre  
Department : Radiology

26.02.2025 - Present

Incharge of Infection Control Nurse

- Develop and implement infection control policies and procedures to ensure a safe healthcare environment.
