PROFILE

Dedicated Registered Nurse with over 5 years of experience in Pediatric ICU, COVID ICU, and multidisciplinary critical care settings. Skilled in managing critically ill patients, administering advanced medications, and assisting in emergency interventions including resuscitation and intubation. Holds a BSc (Hons) Nursing Degree, DHA eligibility, and multiple international certifications including BLS, ALS, and ITLS. Experienced in patient education, infection control, and family support. Recognized for strong teamwork, clinical documentation, and delivering safe, compassionate, and high-quality nursing care.

PROFESSIONAL EXPERIENCE

REGISTERED NURSE - PICU (PEDIATRIC INTENSIVE CARE UNIT) NATIONAL HOSPITAL - GALLE, SRI LANKA

2020 JUL - PRESENT

- Deliver comprehensive nursing care in a multidisciplinary Paediatric ICU for critically ill children, including medical, surgical, trauma, neurological, neurosurgical, post-surgical, and ECMO patients.
- Execute physicians' orders with precision, including emergency, medical, and surgical interventions.
- Administer prescribed drugs such as inotropes, sedatives, paralytics, and antibiotics, ensuring safe and effective treatment of critically ill patients
- Educate patients and families on treatment plans, medication administration, and post-discharge care to promote recovery and well-being.
- Ensure strict adherence to hygiene, infection control, and safety protocols, contributing to a safe and efficient hospital environment.

COVID ICU NURSE

2021

KOTELAWALA DEFENCE UNIT - WELISARA NATIONAL HOSPITAL - GALLE, SRI LANKA (SPECIAL ATTACHMENT)

- Provided comprehensive nursing care to critically ill COVID-19 patients requiring mechanical ventilation, high-flow oxygen therapy, and advanced monitoring.
- Implemented strict infection control measures, including proper use of PPE and isolation protocols.
- Collaborated with multidisciplinary teams in emergency interventions such as intubation, code blue management, and resuscitation.

TRAINEE NURSE

2017 - 2020

NURSING TRAINING COLLEGE ATTACHED TO NATIONAL HOSPITAL - COLOMBO, SRI LANKA

- Assisted senior nurses in delivering patient care, including monitoring vital signs, administering medications, and supporting daily medical procedures.
- Gained hands-on experience in patient assessment, documentation, and care plan implementation under supervision.
- Supported healthcare teams in maintaining accurate patient records and ensuring compliance with hospital protocols and standards.
- Learned and adhered to infection control, hygiene, and safety procedures to maintain a safe clinical environment.
- Educated patients and families on basic healthcare practices and post-treatment care under guidance from senior nursing staff.
- Completed specialized clinical training at Colombo Dental Hospital, assisting in dental procedures, patient care, sterilization of instruments, and maintaining high standards of hygiene and infection control.
