Professional Summary

Dedicated and compassionate Registered Nurse with 2 years of hands-on experience in the Neonatal Intensive Care Unit (NICU). Skilled in providing specialized care to premature and critically ill newborns, including neonatal resuscitation, ventilator management, infection control, and continuous monitoring of vital signs. Known for maintaining composure in high-pressure situations, delivering evidence-based care, and offering empathetic support to families. Recognized for teamwork, attention to detail, and commitment to ensuring the highest standards of neonatal safety and recovery.

Experience

RN Staff Nurse, Neonatal ICU, Edappal Hospitals Pvt Ltd - Edappal, Malappuram, Kerala, India

Duration : 19th July 2023 – 08th November 2025 (2 Years and 4 Months)

- Provide round-the-clock, high-quality nursing care to premature and critically ill newborns in the NICU.
- Attend to the daily needs of newborns, including feeding, diapering, and maintaining hygiene and comfort.
- Perform essential medical procedures such as inserting IV lines, conducting diagnostic tests, and administering prescribed medications with precision and care.
- Assist NICU physicians during medical procedures and treatments, ensuring strict adherence to clinical protocols.
- Operate, monitor, and adjust specialized neonatal equipment such as ventilators, infusion pumps and syringe pumps.
- Maintained ward inventory, medication stock, and emergency trolleys according to institutional protocols.
- Provide emotional comfort and reassurance to sick newborns and their families during stressful situations.
- Accurately calculated dosages and documented daily reports, vital signs, and nursing assessments.
- Educate and support parents on post-discharge neonatal care, feeding, and follow-up routines to ensure continued well-being at home.
