## WORK EXPERIENCE

### CLINICAL PHARMACIST

Dec 2024 - Oct 2025

AIG Hospitals, Hyderabad, India

*Company Overview: JCI, NABH, NABL Accredited. 800 Bedded Multi-Super Speciality Hospital*

- Participated in multidisciplinary ward rounds providing evidence-based pharmacotherapy.
- Educated patients on medication adherence and correct use of medical devices.
- Conducted ADR reporting and pharmacovigilance, reducing incidents by 12%.
- Adjusted dosing for pediatric, geriatric, and renal patients.
- Supported AMS initiatives and formulary decisions.
- Conducted over 100 crash cart audits to keep them ready during emergency.
- Maintained compliance with JCI & NABH standards.
- Serve as an on-call Clinical Pharmacist during night shifts, handling medication-related queries across multiple departments, including ICU's, ER and IPD's
- Prepared concentrated electrolytes following hospital protocols and safety guidelines to prevent medication errors and ensure accurate administration.

### JUNIOR CLINICAL PHARMACIST

Jan 2023 - Aug 2024

Continental Hospitals, Hyderabad, India

*Company Overview: JCI, NABH, NABL, QAI Accredited. 600 Bedded Multi-Super Speciality Hospital*

- Performed medication reconciliation for pediatric and adult patients at admission and discharge.
- Conducted Open Chart Reviews (OCR) and Open File Audits (OFA) to improve documentation quality.
- Delivered medication safety training to nurses and junior medical staff, reducing medication errors.
- Assisted in developing medication guidelines for high-risk medications and restricted antimicrobials.
- Participated in ward rounds and contributed to clinical discussions for optimized therapy.
- Maintained compliance with JCI & NABH Standards

## JUNIOR CLINICAL PHARMACIST (PEDIATRICS)

Oct 2021 - Jan 2023

The Birthzone Hospital, Hyderabad, India

*Company Overview: Pediatric and Gynecology Care Hospital*

- Implemented pediatric dosing protocols, ensuring accurate weight-based and age-specific drug therapy.
- Performed dilution and preparation of pediatric IV medications, adhering to safety and aseptic techniques.
- Documented and reported pediatric adverse drug reactions, contributing to improved pharmacovigilance practices.
- Supported clinical rounds by providing drug information, dose adjustments, and formulation alternatives for neonates and children.

## CLINICAL PHARMACIST (INTERNSHIP)

Aug 2020 - Sep 2021

Medicover Hospitals, Hyderabad, India

*Company Overview: NABH Accredited, 400 Bedded Multi-Speciality Hospital*

- Participated in AMS rounds and assisted with antibiotic stewardship activities, including culture report tracking.
- Conducted therapeutic drug monitoring (TDM) and interpreted levels for medications such as vancomycin and aminoglycosides.
- Provided patient education on chronic disease medications, inhaler techniques, injection use, and adherence strategies.
- Performed Open Chart Reviews (OCR) and supported documentation improvements across inpatient departments.
