Respected Sir

I am writing to express my interest in the position of Registered Nurse in your organization. I have completed my Bsc nursing from SreeKalabyraveswara Swamy College of Nursing under Rajiv Gandhi university Bangalore in batch 2020-2025. As a recent nursing graduate I am eager to bring my skills and passion for patient care to a dynamic healthcare team.

With a strong foundation in nursing principles and clinical skills, I am confident in my ability to provide high-quality care to patients and their families. My clinical rotations have prepared me to work in a fast-paced environment and I am excited to continue learning and growing in my role.

I am particularly drawn to Healthcare Organization because of its commitment to the aspect of organization's mission or values that resonates with you. As a nurse, I believe that delivering compassionate and patient-centered care is essential and I am excited to be part of a team that shares this vision.

Thank you for considering my application. I look forward to the opportunity to discuss my skills and experience align with the needs of your team.
