PROFILE

Compassionate and dedicated Registered Nurse with one year of clinical experience in hospitals and long-term care facilities. Skilled in patient assessment, medication administration, wound care, infection control, and patient/family education. Recognized for strong communication skills, attention to detail, and ability to work effectively in high-pressure environments.

WORK EXPERIENCE

SP FORT HOSPITAL

THIRUVANANTHAPURAM, KERALA, INDIA

2024-2025

STAFF NURSE

- Delivered patient-centered care in a high-pressure medical and surgical ward, maintaining patient satisfaction above 90%.
- Provided pre- and post-operative care including wound dressing, vital signs monitoring, and early mobilization.
- Administered IV medications, injections, and oral drugs with zero medication errors throughout the year.
- Collaborated with doctors, physiotherapists, and other healthcare professionals during multidisciplinary rounds, improving care outcomes and discharge efficiency.
- Built strong rapport with patients and families, ensuring clear communication regarding procedures and discharge instructions.
