

ASHLIN BABY

REGISTERED NURSE (RN)

Highly skilled and compassionate Registered Nurse (RN) with 5+ years of progressive experience in ICU, Critical Care, Burn Care, and Medical-Surgical units across JCI and NABH accredited hospitals. Proven expertise in acute ventilator management, infection control, trauma care, patient safety, and multidisciplinary coordination. Experienced RN Team Leader with strong capabilities in clinical leadership, staff education, quality improvement, audits, and evidence-based practice. Actively licensed in UAE (DOH) and USA (Colorado Board), holding advanced life support certifications including ACLS, BLS, PHTLS, and ABLIS. Adept at delivering high-quality, culturally competent care in fast-paced acute care environments.

AREA EXPERTISE

- Critical patient management
- Emergency response
