EXPERIENCE

Registered Nurse

HMS Mirdif Hospital-Outpatient

- 03/2024 - 03/2026
- Assisted the internal medicine and gastroenterology clinics.
- Managed an average of 20–30 patient visits during clinic days, ensuring efficient clinic flow and adhering to patient appointments.
- Provided patient education and preparation before any procedure.
- Administered prescribed medications to patients following prescribed treatment plans, monitored, and documented responses in the EMR.

Registered Nurse

Adam Vital Hospital-Outpatient

- 01/2019 - 12/2022
- Acted as nurse-in-charge by overseeing daily clinic operations while the nurse manager was on leave.
- Supported and assisted orthopedic surgeons in assessing and evaluating patients pre- and postoperatively, while maintaining patient privacy.
- Assisted physicians with minor medical procedures, wound care, specimen collection, and application/removal of casts and splints.
- Provided reassurance to patients in relation to their condition, recovery, and well-being.
- Mentored new staff joiners in the department.
- Participated in staff education, training, and other staff meetings.

Registered Nurse

Nation Hospital-Outpatient

- 11/2016 - 07/2018
- Performed the role of team leader, key trainer for equipment, and infection control link nurse.
- Aided in the pre-commissioning phase of the hospital, including developing policies, procedures, downtime forms, and preparing for the departmental HAAD inspection.
- Supported other staff members when needed.

Registered Nurse

Saudi German Hospital-Urgent Care/Emergency

- 03/2014 - 03/2016
- Identified high-risk patients using ESI triage, prioritised according to care needs, and reported to the ER physician on duty.
- Monitored patient vital signs and reported changes to ER physicians.
- Collaborated with multidisciplinary teams to respond to clinical emergencies (e.g. cardiac arrest), initiating timely emergency interventions.
- Assisted in procedures such as intubation, tube insertion (Ryles, Foley), suprapubic catheter insertion, and wound suturing.
- Performed patient handovers utilising SBAR and communicated essential information to colleagues at shift changes.

- Provided bedside nursing care, collected samples, and prepared patients for various investigations.
- Participated in emergency nurse certification training and other health service activities, maximising nursing capabilities and competence.

Registered Nurse

Garhoud Private Hospital-Outpatient

02/2012 - 01/2014

- Coordinated direct patient admission and handover.
- Submitted insurance pre-authorisation approval requests, with prompt follow-ups, notified patients, and provided instructions.
- Performed ECG and spirometry as part of diagnostic procedures.
- Patient health education and guidance through verbal communication, demonstration, and other methods.

Registered Nurse

Healthway Medical Clinics-Outpatient

02/2009 - 10/2010

- Reinforced communication of treatment plans to patients, answered inquiries, and provided physician's advice.
- Performed treadmill stress test under physician supervision, as well as audiometry.
- Performed other nursing duties including crash cart and equipment daily checks, room daily checks, supplies inventory, and medication stock check.

EDUCATION

2008

Bachelor of Science Nursing

Bicol University College of Nursing - Legazpi, Philippines
