PROFILE

Compassionate and reliable Registered Nurse with two year experience of working in the Med-surg ICU at a 750-bedded tertiary hospital, Mumbai .As a Registered Nurse, I've gained hands-on experience in managing critically ill patients with complex conditions like sepsis, ARDS, and post-op complications. I've developed expertise in ventilator care, medication administration, and emergency response, while collaborating with multidisciplinary teams to deliver patient-centered care. I've consistently demonstrated strong clinical skills, attention to detail, and effective communication with patients and families. My experience has honed my ability to prioritize and manage high-acuity patients, making me a strong candidate for ICU roles in Dubai.

PROFESSIONAL EXPERIENCE

STAFF NURSE, BOMBAY HOSPITAL, Jan 2024

Mumbai

In a Med-Surg ICU, I manage critically ill patients with complex medical and surgical conditions, including sepsis, ARDS, post-op complications, and multi-organ failure. My experience involves monitoring and stabilizing patients on ventilators, titrating vasoactive drips, and administering medications. I collaborate with teams to develop care plans, communicate with families, and respond to emergencies. I've worked with patients requiring close monitoring, complex wound care, and palliative support, developing expertise in critical care and emergency response.
