WORK EXPERIENCE

Assistant Pharmacist | 2024 – 2025, 2022 – 2023
Kairali Medicals – Kerala, India

- Dispensed medications according to prescriptions, reviewing dosage, formulation and patient instructions.
- Provided accurate information on correct dosage, usage instructions, precautions and possible side effects.
- Verified prescriptions for authenticity, drug interactions, contraindications and appropriate dosage.
- Streamlined dispensing workflow to minimize waiting time and enhance customer satisfaction.
- Demonstrated the proper usage of medical devices such as BP monitors, glucometers and nebulizers.
- Provided guidance on over-the-counter (OTC) medicines, nutritional supplements and self-care products.
- Replenished inventory shelves, ensuring proper rotation of medicines and removed expired products.
- Ensured all OTC and prescription medications were correctly labeled and organized.
- Assisted in handling controlled and temperature sensitive drugs in compliance with legal regulations.
- Collaborated in pharmacy operations, including opening and closing procedures and shift handover.

Intern Pharmacist | 2021
Cosmopolitan Hospital – Kerala, India

- Assisted in dispensing medications, ensuring correct dosage, labeling and documentation.
- Participated in compounding sterile and non-sterile formulations, including IV preparations and suspensions.
- Learned quality assurance practices, including checking prescriptions for interactions and contraindications.
- Collaborated with doctors and other healthcare staff to ensure coordinated patient care and medication safety.
- Assisted in maintaining medication inventory, including stock checks, expiry monitoring and timely reordering.
- Supported biomedical waste management, segregating and disposing of expired or contaminated drugs safely.
- Learned and applied hospital safety standards, infection control procedures and regulatory guidelines.
