ABOUT ME

As a DHA-licensed pharmacist boasting extensive clinic experience in Dubai and proficiency within tertiary hospital settings in my home country, I am adept at delivering patient-centered care and excel in pharmaceutical management. My ambition is to become an integral part of a dynamic team where I can contribute to delivering high-quality healthcare solutions. I am committed to dedicated service and am keen on pursuing a Board Certification exam (BCPs) to further my professional growth and enhance my ability to serve patients effectively.
