PROFESSIONAL SUMMARY

Compassionate and skilled Staff Nurse with over 9 years of progressive experience in NICU, surgical wards, and multispeciality hospital settings across India, and Saudi Arabia. DHA-certified and proficient in critical care, emergency response, infection control, and patient education. Adept at using advanced medical equipment such as mechanical ventilators, infusion pumps, and central lines. Demonstrated success in delivering high-quality, evidence-based care, maintaining patient safety, and complying with international healthcare standards. Seeking a dynamic role to leverage my clinical expertise, multicultural experience, and dedication to patient wellbeing.

WORK EXPERIENCE

Staff Nurse – Male Surgical Ward Jul 2018 – Apr 2025
King Abdulaziz Super Speciality Hospital, Taif, Saudi Arabia

- Delivered pre- and post-operative care to male surgical patients.
- Managed wound dressings, IV therapy, catheter care, and DVT prophylaxis.
- Maintained accurate documentation and ensured infection prevention protocols.
- Trained junior staff and supported multi-disciplinary teams in patient rounds.

Staff Nurse – NICU Aug 2016 – Jun 2018
Max Hospital, Shalimar Bagh, Delhi, India

- Provided critical care to neonates requiring respiratory and nutritional support.
- Assisted in neonatal procedures including umbilical catheterization and exchange transfusions.
- Supported family education and emotional care in high-stress environments.

Staff Nurse – NICU Jun 2015 – Jun 2016
Vijay Marie Hospital, Hyderabad, India

- Delivered specialized neonatal care and assisted in deliveries.
- Monitored vital signs and maintained aseptic techniques in infant care.
