## WORK EXPERIENCE

**Pharmacist** May 2022 – Present

**Emirates Hospital Day Surgery, Dubai, UAE**

- Collaborate with healthcare professionals to develop comprehensive medication plans tailored to individual patient needs.
- Perform the accurate dispensing of medications in a manner that is in compliance with the local regulatory acts and hospital policies.
- Conduct medication counselling for patients at an expert level, including issues concerning medication management, side effects, and interactions.
- Process insurance claims in the most efficient manner to ensure timely and accurate billing and processing.
- Record appropriate documentation of medication distribution and interactions with patients to support quality health service delivery.
- Conduct medication inventory audits to ensure availability and compliance with safety standards.
- Engaged in active training and mentoring of the pharmacy interns, cultivating a culture of learning and excellence.

**Pharmacist** August 2021 – March 2022

**Viva Group of Pharmacy, Khorfakhan, UAE**

- Correctly read and processed prescriptions, including calculation of drug dosages for patients.
- Designed patient education plans based on patient history and discussed with the patients and their family members regarding the medication plan and its expected outcomes.
- Handled insurance claims in an efficient manner and ensured that the claims were in order according to policies and procedures.
- Researched and evaluated each condition's medication, advising the best brand and combination for a positive change in patient outcomes.

**Pharmacist** May 2019 – August 2021

**Medex Group of Pharmacy, Ras Al Khaimah, UAE**

- Ensured proper processing of prescriptions within the legal and safety limits.
- Delivered consistently high levels of customer service while ensuring positive patient relationships.
- Efficiently processed insurance claims and managed inventories of controlled medications, following regulations in this respect.
