## PROFESSIONAL EXPERIENCE

---

### **DHA Licensed Pharmacist**

Life Pharmacy, Business Bay, Dubai, UAE

Aug 2022 – Present

- Review prescriptions for therapeutic suitability, interactions, contraindications, duplications, and correct dosing.
- Manage PBM insurance approvals, claims validation, rejection follow-up, and accurate billing processes.
- Counsel patients on medication adherence, side effects, interactions, chronic disease therapy, and lifestyle considerations.
- Support MTM services including medication review, therapy optimization, and adherence assessment.
- Oversee pharmacy operations including controlled drug documentation, stock replenishment, expiry checks, and cold chain monitoring.
- Ensure compliance with DHA pharmacy standards, SOPs, audits, regulatory reporting, and patient safety protocols.

### **Drug Safety Associate – Pharmacovigilance (J&J Oncology Project)**

IQVIA – Bangalore, India

Feb 2020 – Mar 2021

- Processed global ADR reports for the oncology drug Ibrutinib, ensuring compliance with international PV guidelines.
- Evaluated source documents including medical records, lab reports, literature cases, and patient histories.
- Performed case processing, seriousness assessment, MedDRA coding, causality analysis, and accurate narrative writing.
- Entered cases into validated drug safety databases following FDA, EMA, and CIOMS regulations.
- Supported quality checks, audit readiness, and adherence to SOPs with high accuracy and timely submissions.

### **District Vaccine Store & Warehouse Pharmacist**

COVID Brigade – Kerala Government, India

May 2021 – Oct 2021

- Managed COVID vaccine storage, cold chain integrity, distribution, and stock accountability across district hospitals.
- Maintained registers, consumption reports, temperature logs, and regulatory documentation.
- Coordinated vaccine supply with hospitals, PHCs, logistics teams, and district administration.
