

Akhila Murali

Pharmacist

Experienced Pharmacist with over two years of expertise in hospital and retail pharmacy settings, specializing in prescription medication dispensing, patient counseling, inventory management, and regulatory compliance. Adept at collaborating with healthcare professionals to ensure optimal patient care and adherence to medication safety protocols. Skilled in medication therapy management (MTM), inventory control, and customer service, ensuring a seamless healthcare experience for patients.

Experience

Pharmacist

Sreekantapuram Hospital, Kandiyoor, Thattarambalam, Mavelikara, Kerala

2022 - 2024 (2 Years)

- Accurately dispensed prescription medications, ensuring proper dosage and patient safety.
- Provided medication therapy management (MTM) and patient counseling to enhance treatment adherence.
- Ensured regulatory compliance with hospital and pharmaceutical industry standards, including drug safety protocols.
- Assisted in inventory management, minimizing drug shortages and optimizing stock rotation.
- Collaborated with healthcare professionals, including doctors and nurses, to formulate and implement effective treatment plans.

Key Skills

- Assemble medicines for prescription and provide information about medications.
- Directing prescription to pharmacist and aiding in the preparation of medications.
- Ensure that all medications are properly labelled with the correct dosage instructions, warnings, and other required information under the supervision of a pharmacist.
- Timely and accurate delivery of medications to patients.
- Review prescriptions and refer them to pharmacists for verification and approval to facilitate the dispensing of prescription medications.
- Manage and monitor inventory, placing orders to maintain adequate stock of medications and supplies.
- Assisting pharmacist in their daily tasks which may involve screening patients or collecting information on behalf of the pharmacist.
- Provide patients with information on medication usage, potential side effects, and interactions.
- Assist pharmacists in conducting medication audits, generating reports, and participating in reviews to ensure compliance and quality assurance.
- Skillfully compounding pharmaceutical products under the supervision and guidance of a pharmacist.
- Helps healthcare providers and patients by greeting them in person and by phone answering questions and requests and referring inquiries to the pharmacist.
