PROFILE SUMMARY

Compassionate and detail-oriented Registered Nurse with over 1 year of specialized experience in Bone Marrow Transplant Unit (BMTU) at Narayana Health City, Bangalore, along with comprehensive training through clinical internships and rotations in oncology, pediatric, neurology, psychiatric, and cardiac care. Adept at delivering patient-centric care across high-acuity settings, including chemotherapy administration, aseptic surgical preparation, EMR documentation, and emergency response. Skilled in monitoring vital signs, performing physical assessments, and supporting multidisciplinary care teams. Certified in BLS and trained in safe medication handling, wound care, IV therapy, and infection control protocols. Committed to providing quality nursing care, upholding patient dignity, and contributing to healthcare excellence. Currently seeking nursing opportunities in Dubai to bring compassionate, evidence-based care to a world-class medical facility

EDUCATION

Bachelor of Science in Nursing (BSc Nursing)

2023

Krupanidhi College of Nursing, Bangalore, India

EXPERIENCE

Registered Nurse – BMTU

Jan 29, 2024 – Mar 5, 2025

Mazumdar Shaw Medical Center, Narayana Health City, Bangalore

- **Administered Chemotherapy Treatments:** Delivered chemotherapy medications in accordance with oncology protocols, ensuring safe handling and accurate dosage to minimize adverse reactions.
- **Managed Patient Care Plans:** Monitored vitals, assessed symptoms, and implemented nursing interventions for bone marrow transplant patients.
- **Maintained Aseptic Technique:** Upheld strict infection control standards during bone marrow transplantation to safeguard immunocompromised patients.
- **Utilized Electronic Medical Records (EMR):** Accurately documented patient progress, treatment responses, and clinical notes using hospital's EMR system.
- **Collaborated in Multidisciplinary Care:** Coordinated with oncologists, pharmacists, and lab personnel to ensure comprehensive and timely care.
- **Performed Physical Assessments:** Conducted thorough physical examinations to track patient condition pre- and post-transplant.
- **Educated Patients & Families:** Provided discharge planning, emotional support, and health education to patients and caregivers.
- **Adhered to Chemotherapy Safety Protocols:** Followed PPE usage and disposal guidelines while managing hazardous drug administration.

Nursing Intern

Feb 2023 – May 2023

Narayana Health City, Bangalore

- **Assisted with Daily Nursing Care:** Supported registered nurses with hygiene, mobility assistance, nutritional intake, and patient repositioning.
- **Monitored Vital Signs:** Regularly recorded temperature, pulse, respiration, and blood pressure, alerting senior staff to abnormalities.
- **Practiced Medication Safety:** Observed and assisted in safe drug administration under licensed nurse supervision.
- **Performed Basic Clinical Procedures:** Gained hands-on experience in IV line setup, wound care, catheterization, and ECG monitoring.
- **Responded to Emergencies:** Actively participated in emergency situations, applying BLS techniques when required.
- **Documented Clinical Observations:** Maintained accurate patient notes, reinforcing understanding of documentation best practices.
- **Promoted Patient Comfort:** Provided compassionate care, ensuring patient dignity and psychological support.
- **Attended Clinical Training Sessions:** Engaged in structured education to build foundational nursing competencies.

Clinical Exposures (Hands-on Training)

- Oncology Nursing – Kidwai Memorial Institute of Oncology: Assisted in chemotherapy preparation, cancer pain management, and end-of-life care.
- Pediatric Nursing – Indira Gandhi Institute of Child Health: Observed child growth assessments, vaccination protocols, and family-centered care.
- Cardiac & Neurology Nursing – Sri Sathya Sai Super Specialty Hospital: Shadowed in cardiac cath labs and neuro ICU for acute care management.
- Psychiatric Nursing – Spandana Hospitals Pvt. Ltd: Supported therapeutic sessions and administered psychiatric medications under supervision.
- Rehabilitation & Neurology – Sukino Health Solutions: Participated in post-stroke and neuro-rehabilitation nursing with physiotherapy integration.
