WORK HISTORY

General Practitioner <i>Doctor's Medi Clinic, Kerala, India</i>	Aug 2020 – Dec 2023
---	----------------------------

- Provided comprehensive medical care, managing both routine and emergency cases for a diverse patient population.
- Conducted a wide range of clinical procedures, including blood draws, physical examinations, minor surgical interventions (suturing, wound debridement & dressing), Foley's catheterization & Ryle's Tube insertion.
- Developed individualized treatment plans in collaboration with patients, families, and hospital staff.
- Delivered patient education on diagnoses, medications (including side effects), treatment options, and post-treatment care plans.
- Maintained detailed and accurate medical records to ensure continuity of care and inform decision-making.
- Utilized strong communication skills to build rapport with patients, ensuring privacy and confidentiality.

- Collaborated effectively with nurses to triage and prioritize patients under pressure, making sound and swift clinical decisions.
- Identified critical conditions and promptly referred patients to specialists or tertiary hospitals for advanced care.
- Provided home-based care for elderly and bedridden patients, ensuring their well-being and treatment adherence.
- Championed preventative healthcare by advising patients on lifestyle modifications like dietary changes and exercise routines.

Traineeship

May 2020 – July 2020

Aster MIMS, Kottakkal, India

Thrived in high-pressure environments, managing a wide range of medical emergencies including:

- Cardiovascular, respiratory, and neurological crises
- Road traffic accidents and poisonings

Demonstrated proficiency in critical procedures, assisting with:

- Cardiopulmonary resuscitation (CPR)
- Intravenous (IV) line insertion
- Wound care (suturing, stapling, and debridement)

Sharpened skills in patient assessment and triage through:

- Primary and secondary surveys
- Neurological examinations
- E-FAST exams for rapid abdominal injury detection

Internship

Apr 2019 - March 2020

KMCT Medical College, Kerala, India

- Rotations in Medicine, Surgery, Orthopaedics, Obstetrics and Gynaecology, ENT, Psychiatry, Dermatology, Paediatrics, Community Medicine, Ophthalmology & Emergency Medicine.
- Management of outpatients as well as ward management.
- Maintained patient records and prescriptions.
- Assisted and performed clinical procedures under supervision.
- Assisting operation theatre cases.
- Perform minor procedures independently including insertion of Urinary catheter, Nasogastric tube and IV line.
- Contributed to patient care during the COVID-19 pandemic by volunteering in the Emergency Department.
