ABOUT ME

Motivated and dedicated pharmacist with 10 years of comprehensive experience in pharmaceuticals and medical insurance, holding a Bachelor of Pharmacy degree. Certified in Healthcare Quality and Healthcare Human Resources, with proven expertise in clinical education, inventory management, and team leadership. Known for a strong focus on patient safety and operational efficiency. Seeking a challenging role that aligns with my qualifications and professional experience, where I can contribute to healthcare excellence and support organizational goals.

WORK EXPERIENCE

Hospital pharmacist, University Hospital of Sharjah, Sharjah
Apr 2018 - Jul 2025

- Responsible for various services including distributive services and pharmaceutical services like dispensing of all medications, orders screening for drug-drug interactions, routine quality assurance and pharmacokinetic services.
- Experience on Total Parenteral Nutrition preparations.
- Check prescriptions for appropriate dosage, drug interactions and contraindications before dispensing medications.
- Liaise with all members of the health care team, patients, and their caregiver to provide patient care services.
- Responsible for checking control medicines through physical inspection and system-based verification, ensuring full compliance with internal protocols and NPCM.
- Monitor patient medication therapies for safety and effectiveness.

Pharmacist, Nova Medical Center, Alain
Dec 2015 - Mar 2018

- Manage drug inventory levels, ordering medications and supplies for replenishment, verifying deliveries against purchase orders, and resolving any discrepancies.
- Serves patients by preparing medications, giving pharmacological information and monitoring patient drug therapies.
- Dispenses medications by compounding, packaging, and labelling pharmaceuticals.
- Managed the replacement process of expired medications in coordination with pharmaceutical companies.
- Responsible for preparing financial check requests and review each company's reimbursement terms to determine the appropriate timing for issuing payments.
- Submitted prescription claims to insurance provider.

Community Pharmacist, Mezyad Pharmacy, Alain
Mar 2014 - Nov 2015

- Dispensed medications and counselled patients on proper usage, side-effect, and interactions.
- Provide over the counter treatment guidance and health advice.
- Provide Professional advice on cosmetic and dermatological products, recommending suitable options based on skin type, Condition and individual needs.

Promoter, Al Rawda Pharmacy, Alain
Feb 2009 - Feb 2010

- Promoted cosmetic and skincare products to customers, providing detailed information about product benefits, ingredients, and usage.
- Assessed customers' skin types and concerns (acne, dryness, pigmentation, sensitivity) to recommend suitable products.
- Advised on daily skincare routines and cosmetic application techniques to help achieve desired results.
- Educated clients on product comparisons, helping them choose between brands based on quality, effectiveness, and budget.
- Maintained product displays, ensured shelves were clean and well-stocked, and followed brand guidelines for merchandising.
- Collected customer feedback and reported insights to the pharmacy team and company representatives.
- Supported marketing campaigns, promotions, and product launches inside the pharmacy.
