### **About Me**

I am a dedicated and hardworking medical doctor with a comprehensive background in patient care and assessment. I am adept at performing general medical interventions, showcasing a commitment to delivering comprehensive healthcare. I am passionate about research and eager to contribute to advancements in the medical field, aiming to positively impact the well-being of the community. I consider myself to be an enthusiastic individual, a good team player and a quick learner.

### **Professional experience and Observerships**

**A&E Clinical attachment – Maidstone Hospital and West Middlesex University Hospital, London, UK (November 2024 – February 2025)**

- I worked in majors, minors, and resus, gaining hands-on experience in Clerking and assessing acutely unwell patients, presenting cases to the seniors and formulating management plans for the patients.
- Performing bedside procedures, including IV cannulation, ABGs, VBGs, catheterization, suturing and wound care, conducting FAST ultrasound scans and taking part in cardiac arrest calls.
- Prioritizing and managing multiple patients safely in a fast-paced environment,
- Utilizing EMR systems to document and track patient progress efficiently.
- Contributed to an ongoing audit by designing a poster on “Periorbital cellulitis” for the A&E department.

**Medical Intern at Dubai Health [Rashid Hospital, Dubai Hospital, Latifa and Al Jalila hospital], UAE (August 2022 – August 2023)**

- I worked in different medical and surgical departments including A&E, internal medicine, cardiology, neurology, neurosurgery, general surgery, OBG, pediatrics, family medicine and psychiatry.
- Participating in ward rounds, on-calls and presenting cases in the morning handovers.
- Clerking and assessing preop and postop patients, formulating management plans.

- Documenting patient progress, requesting investigations, and following up on results to optimize care
- Managing emergency referrals from the Emergency Department and coordinating with senior colleagues for timely interventions
- Observed and assisted in surgical procedures in a variety of general surgery and neurosurgical cases.

### **Education**

Gulf Medical University, Ajman, UAE - Bachelor of Medicine and Bachelor of Surgery (MBBS) (2017 - 2022)

- Obtained an overall percentage of 84% (GPA 3.92 out of 4).

### **Research Experience**

- Title: Risk factors of severity and health outcomes in COVID-19 in Ajman, UAE.

Poster Presentation: 5th Emirates Family Medicine Society Congress

Publication: Journal of communicable disease

Bagalkot FS, Saleem NM, Dairawan M, Sharbatti SAI. Risk Factors of Severity and Health Outcomes in COVID-19 in Ajman. Special Issue - COVID-19 & Other Communicable Disease. 2022;157-164.

- Uncommon Encounter In Urachus: A Rare Case Of Xanthogranulomatous Urachitis – case study
- Title - Vitamin D deficiency - Knowledge, attitude and practice among adults attending healthcare facilities in the UAE.

### **Teaching**

Medical teaching assistant (February 2024 – May 2024)

- I worked as a teaching assistant at Gulf Medical University. My roles were to facilitate student discussions and engagement during clinical hands-on skills sessions.

### **Competitions and Volunteer Experience**

- Participated in a Dissection competition, focusing on the pericardium region, and presented a seminar on the topic.
- Participated in poster presentation on the topic "Genome Editing and CRISPR Technology" competition, creating awareness among peers.

- Conducted multiple seminars and mini project throughout my medical training.
- Volunteered in several health camps at Thumbay hospitals, providing triage and counseling to patients.
- Volunteered at “infusion 51a” campaign “faces not numbers” creating awareness among the public in Dubai about patients undergoing cancer treatments.

### **Certification**

- GP license UAE
- Full UK GMC registration with license to practice
- ALS
- BLS
- Good clinical practice
