Al Barsha 1
Dubai, UAE

EDUCATION

2011 - 2015

CARITAS FAMILY COLLEGE

- Bachelor of Science in Radiology Technology

CORE COMPETENCIES

- CT Scan Operations & Protocol Optimization
- General Radiography (DR/CR)
- Echocardiography (2D Echo)
- Digital Mammography
- Interventional Procedure Assistance (CT/US-guided)
- Radiation Safety & ALARA Compliance
- Clinical Training & Internship Coordination
- Patient-Centered Care & Communication
- Quality Assurance & Documentation

LANGUAGES

- English - Fluent
- Filipino - Native

PROFILE

DHA-registered Radiologic Technologist experienced in CT, general radiography, and echocardiography in tertiary and ISO-accredited hospitals. Expert in patient safety, radiation protection, and quality imaging, with proven skills in clinical training and protocol optimization.

WORK EXPERIENCE

ALABANG MEDICAL CENTER

Senior Radiographer | Intern Coordinator & Training Officer

April 2016 - March 2019 | March 2022 - January 2026

- Perform advanced imaging procedures including CT Scan, general X-ray, and 2D echocardiography.
- Coordinate and supervise radiologic technology interns, aligning with CHED-accredited training objectives.
- Design and implement structured training programs, clinical rotations, and skills assessments.
- Ensure adherence to radiation protection, infection control, and patient safety protocols.
- Assist radiologists in CT- and ultrasound-guided interventional procedures.
- Maintain accurate patient records, imaging documentation, and quality assurance logs.
- Ensured compliance with ALARA principles, radiation safety, and infection control.
- Optimized imaging protocols and provided mentorship to junior technologists.

STA. ANA HOSPITAL (ISO-Accredited Facility)

Echocardiographer

2022 - 2025

- Performed comprehensive transthoracic echocardiography (2D Echo) following cardiology protocols.
- Optimized cardiac images for accurate assessment of structure and function.
- Collaborated with cardiologists for interpretation, reporting, and follow-up.
- Ensured patient safety, comfort, and proper positioning.
- Maintained infection control, equipment care, and documentation standards in an ISO-accredited environment.

HIMEX CORPORATION (HITACHI MACHINES)

Application Specialist

March 2019 - February 2022

- Conducted product demonstrations for ultrasound and portable X-ray systems.
- Delivered clinical application training for Radiologic Technologists in CT, MRI, Ultrasound, and Portable X-ray.
- Provided clinical support for specialized procedures, including angiography and echocardiography.
- Troubleshoot equipment issues and coordinated escalations with technical teams.
- Built professional relationships with clinicians, radiographers, and hospital administrators.

ERICH VACCINATION CLINIC AND LABORATORY

Radiographer

October 2015 - March 2016

- Performed diagnostic radiographic examinations while ensuring patient safety.
- Assisted in workflow organization, patient registration, and accurate documentation.

CLINICAL INTERNSHIP EXPERIENCE

- Makati Medical Center – Senior Intern (Dec 2014 – Apr 2015)
- East Avenue Medical Center – Junior Intern (May 2014 – Nov 2014)

LICENSE AND ELIGIBILITY

- Dubai Health Authority (DHA) – Radiographer Eligibility Certificate – 2026
- Registered Radiologic Technologist (RRT), Philippines – 2015

CONTINUING PROFESSIONAL DEVELOPMENT

- PSE and ECHO ASIA 2024 – 30th Annual Convention: “Navigating the Future of Echocardiography” – Manila, Philippines, Sep 2024
- “Rebuilding a Culture of Excellence in the Workplace and Professional Relationships in the Practice of Radiologic Technology” – Baguio, Philippines, Dec 2023 Philippine Society of Echocardiography
- in collaboration with Delex Pharma Int. Inc and Saviour Medivices Inc. : “Role of Echocardiography in Heart Failure” – Manila, Philippines, Feb 2023
