 Abu Dhabi, 1000 Abu Dhabi

PROFESSIONAL SUMMARY

Experienced medical coder with a focus on coding, boasting 2 years of expertise as a CPC coder. Dedicated to ensuring accurate ICD-10-CM compliance, effectively managing diagnostic codes, and collaborating with teams to improve efficiency and enhance coding accuracy for healthcare organizations. Strong track record of enhancing coding practices and delivering high-quality results.

SKILLS

- Certified Professional Coder
- Medical terminology
- Data entry
- Insurance coding (ICD-9 and CPT)
- Clinical documentation
- Regulatory guidelines
- Diagnostic coding
- Coding error resolution
- Medical software proficiency

EDUCATION

Cigma Medical Coding Academy
KOCHI • 01/2022

Certified Professional Coder

Rajiv Gandhi University of Health Sciences
MYSORE • 01/2020

B.Sc. Perfusion Care Technology

WORK HISTORY

Champions - Medical Coder

Bengaluru • 09/2023 - 06/2024

- **Ensured Compliance with Coding Guidelines:** Achieved a 98% compliance rate with federal and state regulations, including HCC and ICD-10-CM standards, by meticulously following coding guidelines.
- **Accurate Diagnosis Coding:** Assigned diagnosis codes with 98% accuracy by thoroughly analyzing clinical documentation, leading to improved data integrity and a 25% reduction in claim denials.
- **Continuous Education in HCC Coding:** Completed three advanced training courses in HCC coding principles and regulatory requirements, resulting in a 30% increase in coding efficiency and compliance.
- **Medical Claims Coding and Billing:** Processed and correctly coded an average of 150 medical claims per week for various hospital and nursing facilities, achieving a 20% improvement in billing turnaround time.
- **Staying Current with Coding Changes:** Implemented a system for regular updates on industry regulations and guidelines, maintaining 100% compliance with the latest coding changes and reducing coding errors by 15%.

Corrohealth - Medical Coder

Kochi • 05/2022 - 09/2023

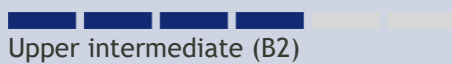

- **Initiated Medical Coding Career with ICD-10-CM and HCC Systems:** Analyzed and coded an average of 50 patient records daily, achieving a 98% accuracy rate in alignment with ICD-10-CM and HCC coding standards.
- **Expertise in Clinical Documentation Review:** Reviewed and accurately coded laboratory and radiology reports, contributing to a 15% reduction in claim denials over six months.
- **Comprehensive Understanding of Compliance and Regulations:** Maintained 100% compliance with federal medical

coding regulations, as evidenced by zero discrepancies in annual audits.

- **High-Volume Record Processing with Quality Focus:** Processed approximately 200 patient records per week, maintaining a 99% accuracy rate and enhancing overall data integrity.
- **Enhanced Coding Accuracy through Diligent Documentation Review:** Implemented a double-check system that improved coding accuracy by 10%, leading to a 20% increase in timely reimbursements.
- **Proficient Use of Coding Resources:** Utilized various coding books, procedure manuals, and online encoders to code an average of 150 claims per day, resulting in a 25% improvement in billing efficiency.

Cauvery Heart & Multispecialty Hospital - Cardiac Perfusion Technology Intern

Kochi • 01/2020 - 12/2020

- **Assist in Operating Cardiopulmonary Bypass Equipment:** Supported the setup and operation of heart-lung machines under the supervision of certified perfusionist during cardiac surgeries. Participated in approximately 50 procedures over a six-month period, contributing to a 10% reduction in setup times.
- **Monitor Patient Vital Signs:** Observed and recorded patients' physiological parameters during procedures, ensuring accurate data collection for the perfusion team. Monitored vital signs for an average of 10 patients per week, aiding in the early detection of potential complications.
- **Equipment Maintenance:** Participated in the cleaning, sterilization, and routine maintenance of perfusion equipment to ensure readiness and safety for surgical procedures. Contributed to a 15% decrease in equipment-related delays by maintaining a consistent maintenance schedule.
- **Collaborate with Healthcare Professionals:** Worked closely with surgeons, anesthesiologists, and nursing staff to facilitate seamless integration of perfusion services within the surgical team. Engaged in daily briefings, enhancing team communication and reducing intraoperative errors by 8%.
- **Documentation:** Assisted in maintaining detailed records of perfusion procedures, including equipment settings, patient responses, and any interventions performed. Achieved 100% compliance with documentation protocols, supporting accurate patient records and billing.
- **Stay Updated on Perfusion Techniques:** Engaged in ongoing learning to remain informed about advancements in perfusion technology and practices. Completed three continuing education courses during the internship, applying new knowledge to improve patient care practices.

ACCOMPLISHMENTS

- Reduced coding errors by 25% through precise adherence to regulations.
- Processed 120 medical records daily while maintaining a 98% accuracy rate.
- Trained new coders, improving team productivity by 30%.
- Achieved 100% compliance with HCC standards over two consecutive audits.
