Profile

Being a determined and dynamic individual seeking a position to launch my career and apply my skills in a practical setting. I am eager to leverage my professional qualifications to contribute to the growth and success of the organization while staying informed about the latest medical coding rules, regulations, and changes. I possess skills in EMR/EHR systems and proficiency in timely feedback to physicians regarding documentation or coding errors and support error correction processes. As a Certified Professional Coder with 2+ years of work experience, I am committed to HIPAA compliance and consistently achieving 98% quality excellence in healthcare documentation. I look forward to building a rewarding relationship where my valuable contributions and genuine efforts are recognized and appreciated.

Courses

Certificate in Advanced Level Medical Coding Jun 2023

- Completed specialized training in medical coding standards.
- Expertise in coding compliance to support error-free claim submissions.

Certificates

CERTIFIED CODING SPECIALIST Jun 2025

AHIMA ID - 05120600

Exp. date: June 16, 2027

- Certified Coding Specialist credential awarded by AHIMA demonstrating proficiency in medical coding standards and practices

CERTIFIED PROFESSIONAL CODER Sep 2024

MEMBER ID - 02274185

Exp. date: September 30, 2025

- Proven experience in applying coding principles to optimize patient data management and reimbursement processes

SIX SIGMA CERTIFICATION Jul 2025

CERTIFICATE ID—8627150

- Understanding of DMAIC methodology to enhance operational efficiency in healthcare settings.
- Skills in applying Six Sigma tools to reduce errors and improve accuracy in medical coding.

CERTIFIED AI MEDICAL CODING & BILLING Jul 2025

MEMBER ID - 02274185

- Certified in AI-driven medical coding techniques for enhanced accuracy and efficiency.
- Acquired skills in deploying AI tools for auditing medical codes to ensure regulatory compliance and reduce claim denials.
- Certified in employing AI tools to enhance the accuracy of patient data verification and eligibility checks.
